

Mission:

To protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.

Ron DeSantis
Governor

Joseph A. Ladapo, MD, PhD
State Surgeon General

Vision: To be the **Healthiest State** in the Nation

Foreign Travel Checklist

- The consultation fee is \$50 per person and \$100 per family per trip. A family can consist of 2 parents and/or legal guardians and unlimited children under age 18 living within that legal custodial group, or a parent and one or more children under 18 living within that legal custodial group. Additional adults will be charged \$50 per person. Families can choose to schedule separate initial appointments; however, they will be subject to the family charge for each separate consultation if that consultation includes one parent or guardian and at least one other child. If you need multiple shots these may be scheduled for future appointments without additional charges. Additional restrictions may apply.
- There is an additional cost for each vaccine.
- We accept cash, check or credit card as payment of services.
- Appointments will range from 30 minutes to two hours depending on the number of people in your party and the destination you are traveling to.
- Clients must arrive 30 minutes prior to their appointment time to update/complete your electronic registration. Clients that do not arrive early whose registration is not completed by their appointment time may be required to reschedule.
- Children under 18 must be accompanied by a parent or legal guardian.

Also, please make sure to bring the following to your appointment:

- A copy of your itinerary containing a list of the areas you will be traveling and estimated time of stay per area.
- Small ice chest: One of the vaccines offered requires refrigeration.
- In order to provide the most expeditious and cost-effective service, you should bring your shot records to your appointment. Previous shot records can be obtained from your parents, your high school and/or college, or your health care provider. If your shot records are unavailable, your appointment may need to be rescheduled until the documentation is provided. If you are unable to obtain prior shot records, per your request we will provide all applicable vaccinations required for the country you are traveling to.
- International Certificate of Vaccination: Yellow Book (if previously issued)
- Print, fill out, and bring the **Travel Screening Questionnaire** to your visit.
